The District is not in compliance with the following policies in this area as demonstrated below.

3:10 Requires the development of an Administration Procedure manual. Certain written procedures and administrative policies exist and are in place. As the Administration works through its own compliance monitoring of one complete cycle of the policy manual, the administration procedure manual will be revised and further developed. This is an ongoing responsibility.

Recommendations:

Continue with the existing approach to 3:10

Timeline for achieving compliance: June 30, 2008.

I hereby certify that to the best of my knowledge the district is in compliance with all polices in this policy area, except as noted above.
